

# Electric Six, Taxi To Nowhere

I ride a taxi  
To nowhere  
And as soon as I get out  
I'm gonna be alone

I'm in the backseat  
Dyin'  
I can't remember anything at all

Except the day that she left me  
Except the day that she left me alone to die  
WEEEEEEEEEEEEEE

It's the tuxedo  
I'm wearin'  
That gets me where I want to go  
It's the illusion of money  
That brings be home

I ride a taxi  
To nowhere  
A taxi  
To nowhere  
And as soon as I get out I'm gonna be alone
