

# Electric Wizard, Demon Lung

I've got a 12 ton demon on my back  
Whispering shit in my brain  
Martin witch on a bitch whip death trip  
Begging me to do it again Yeah! Yeah! Yeah!

She'd been to places her mothers never seen  
When she was fifteen  
Now she's squirming across the floor  
Begging me to do it again Yeah! Yeah! Yeah!

Yeah, load me a demon lung  
Yeah, load me a demon lung  
Yeah, load me a demon lung  
Yeah, load me a demon lung and I'll be alright now.
