

# Eleventy Seven, How It Feels (To Be Without You)

Just like it's snowing in the summertime  
Something's different and I can't explain it  
It's like I'm breathing in sunshine  
It's taken over and I can't contain it

This love is changing me  
It brought me to my knees  
Now it's teaching me to fly

That's how it feels to be with You  
It's like I'm finally alive  
That's how it feels to be with You

I always thought I was invincible  
I never knew that I was waiting on a breakthrough  
My heart was always only half full  
Until the moment that I finally found you

It's everything I dreamed  
Even more it seems  
To fall into your arms

I could never get enough of how it feels  
My heart can't deny how it feels
