

Elis, Shubidu

Shubidu

I am walking through the rain
What the hell is going on?
So much sadness so much pain
In people who are walking around
Everybody looks angry
That it's raining today
But I am smiling and enjoying my own way

Have to look like I'm crazy
But I said come what may
Will rather look like I'm mad
For me it's a special day
Maybe that's not the best weather
But baby whatever
Will enjoy this day like it's the last time in my life

Keep smiling what can you lose
Keep smiling the best you could do
Keep smiling baby shubidubidu
Keep smiling don't be stressed
Keep smiling or depressed
Keep smiling the World is beautiful.
