

Elis, Where You Belong

Don't weep
Just see
Come here
Call me
Just follow
No sorrow
You're there
Where you belong

It's where you belong
Don't you see
When memories are gone
Sent to be free

Always be aware
Of your memories
They do appear when you can't bear

It's where you belong
Don't you see
When memories are gone
Sent to be free

Mean and cruel
They drive you in
Forget them all
And you will win

It's where you belong
Don't you see
When memories are gone
Sent to be free
