

# Ella Fitzgerald, Good Morning Heartache

Good morning headache  
You old gloomy sight  
Good morning headache  
Thought we said goodbye last night

I turned and tossed until it seems you have gone  
But here you are with the dawn  
Wish I forget you, but you're here to stay  
It seems I met you  
When my love went away  
Now everyday I stop I'm saying to you  
Good morning headache what's new

Stop haunting me now  
Can't shake you no how  
Just leave me alone  
I've got those Monday blues  
Straight to Sunday blues

Good morning headache  
Here we go again  
Good morning headache  
You're the one  
Who knows me well  
Might as well get use to you hanging around  
Good morning headache  
Sit down
