

Ellen, Gonna Getcha

I've got something to prove
I wanna get to know you
I love how you move now cross the line

Come into my life
I wanna get to know you
Look hard baby and you'll find

It's more, much more than boy meets girl
Here is my conclusion
It's more, much more for wath It's worth
I can make you mine well...

Chorus:
I'm gonna getcha
I won't let you get away
Baby I'm gonna give my heart another chance
Listen up gonna getcha
I won't let you get away
Don't you run I'll be readdy to catch you if I can

When you're smiling at me
I wanna get to know you
I think we agree it feel so right

Come into my life
I wanna get to know you
And if you could read my mind

It's more, much more than eye to eye
Time for making contact
It's more, much more I'll tell you why
I can make you mine well...

Chorus

I'll send a message now RSVP
Eeyeah eeyeah
And if you read it you'll know what I mean
Eeyeah eeyeah
The point I want to make this very clear
Eeyeah eeyeah
I'll do what it takes to get you here ...
And I mean it !!!

Chorus
