

Ellie Campbell, Don't Want You Back

Sorry is the hardest word and flowers don't say much
Next time i'll find a man who won't get a wonderlust
You took me for a fool, don't call it a mistake
The roses may be real but baby you're just a fake
I really thought you were the one
And now i'm taking back all of my love

Bye bye baby, i don't want you back
Read my lips, it's time you got the facts
Whoah...bye bye baby, 'cos i'm better than that
And now i've found out where you're really at
I don't want you back

So now you're at my door with flowers in your hand
What part of goodbye, can't you understand?
I know you'd like to find me crying over you
I wouldn't waste my tears, i'll find somebody true
I really thought we had it all
But now it's plain to see you're just a fool

Bye bye baby, i don't want you back
Read my lips, it's time you got the facts
Whoah...bye bye baby, 'cos i'm better than that
And now i've found out where you're really at
I don't want you back

And when you're sitting in your lonely room
Remembering the way we used to be
You'll be sorry, you were such a fool
I'm going to find somebody whose love is just for me

(Don't want you back, I don't want you back)
I don't want you back
(Don't want you back, I don't want you back)
I don't need you back, no no, i don't want you back
(Don't want you back, I don't want you back)
I don't need you back
Oh baby, no no
Now i've found out where you're really at

Bye bye baby, i don't want you back
Read my lips, it's time you got the facts
Whoah...bye bye baby, 'cos i'm better than that
And now i've found out where you're really at
I don't want you back

Bye bye baby, i don't want you back
Read my lips, it's time you got the facts
Whoah...bye bye baby, 'cos i'm better than that
And now i've found out where you're really at
I don't want you back
