

# Ellie Goulding, My Blood

That feeling that doesn't go away just did  
And I walked a thousand miles to prove it  
And I'm caught in the crossfire of my own thoughts  
The color of my blood is all I see on the rocks  
As you sail from me

Alarms will ring for eternity  
The waves will break every chain on me  
My bones will bleach  
My flesh will flee  
So help my lifeless frame to breathe

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew

The lost dreams are buried in my sleep for him  
And this was the ecstasy of a love forgotten  
And I'm thrown in the gunfire of empty bullets  
And my blood is all I see  
As you steal my soul from me

Alarms will ring for eternity  
The waves will break every chain on me

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew

And God knows I'm not dying but I breathe now  
And God knows it's the only way to heal now  
With all the blood I lost with you  
It drowns the love I thought I knew
