

# Elliot Smith, Amity

amity amity amity amity amity amity amity  
caught stars in her arms  
hello hello kitty happy in New York City  
amity walking like a lucky charm  
I'm a neon sign and I stay open all the time  
so let's go, go go go

amity amity God don't make no junk  
but it's plain to see he still made me  
he told me so, I'm good to go  
I'm ready to go

'cause you laugh and talk and  
'cause you make my world rock  
I'm so, so so so

amity amity amity amity amity amity amity  
good to go
