

Elliot Smith, Bottle Up And Explode

bottle up and explode
over and over, keep the troublemaker below
put it away and check out for the day
and in for a round of overexposure
the thing mother nature provides to get up and go

bottle up and explode
seeing the stars surrounding you, red white and blue

you look at him like you've never known him
but I know for a fact that you have
the last time you cried
who'd you think was inside
thinking that you were about to come over
but I'm tired now of waiting for you
you never show

bottle up and go
if you're gonna hide it's up to you
I'm coming through

bottle up and go
I can make it outside
I'll get though becoming you
becoming you
becoming you
