Elliot Smith, Independence Day

future butterfly gonna spend the day higher than high you'll be beautiful confusion oh once I was you

I saw you caught between all the people out making the scene and a bright ideal tomorrow oh don't go too far stay who you are

everybody knows everybody knows everybody knows you only live a day but it's brilliant anyway

I saw you in a perfect place it's gonna happen soon but not today so go to sleep and make the change I'll meet you here tomorrow

independence day independence day independence day
