Elton John, Fanfare/Chloe

How come you're so understanding When I tell you all my lies And pretending to believe them See through all my alibis And I need you more than ever And I want you till the end Chloe How you handle what you live through I can never hope to learn Taking all the pain I give you Loving blindly in return And I need you more than ever I will always be your friend Chloe Chloe Chloe, what you gonna do about me Chloe, what you gonna do What you gonna do about me You're the lifeline that I cling to

When I feel like givin' in

When the dreams that I rely on

Start to wear a little thin

Then I need you more than ever

And I want you till the end

Chloe Chloe

Chloe, what you gonna do about me

Chloe, what you gonna do What you gonna do about me Then I need you more than ever And I want you till the end

Chloe Chloe

Chloe, what you gonna do about me

Chloe, what you gonna do What you gonna do about me What you gonna do about me
