

Elton John, Nice And Slow

Music by Elton John and Thom Bell

Lyrics by Bernie Taupin

Available on the album The Complete Thom Bell Sessions

We can spend the night right

So honey turn out the lights

and do it nice and slow

Do it nice and slow

You can work on a charm

And tell the man in your arms

To do it nice and slow

Do it nice and slow

Lying here in a way that I have always wanted

Close to you in a scene that I have always haunted

Time and time again we defended a right to cling to

Our love-shy goodbyes, for broken hearts could cry

You can do it, you can do it slow

You can do it slow, slow, slow

You can do it slow, slow

Do it nice and slow

You can turn on the heat

To keep a man on the streets

When you do it nice and slow

I like it when you do it nice and slow

You can work on a spell

And weave your magic so well

When you do it nice and slow

come on and do it nice and slow

You can do it, you can do it I know

You can do it nice and slow

You can do it, you can do it

You can do it nice and slow, slow

I like it when you do it slow, slow

Come on and do it

Do it nice and slow
