

# Elton John, Razor Face

Has anybody here seen Razor Face  
I Heard he's back looking for a place to lay down  
Must be getting on  
Needs a man who's young to walk him round  
Needs a man who's young to walk him round

Oh it must be hard for the likes of you to get by  
In a world that you just can't see through  
And it looks so cold  
How does it feel to know you can't go home  
How does it feel to know you can't go home

Come on Razor Face my old friend  
I'll meet you down by the truck stop inn  
With a bottle of booze in the back of my car  
You're a song on the lips of an aging star

Razor Face, oh amazing grace  
Protects you like a glove  
And I'll never learn the reason why  
I love your Razor Face
