HELVETIA!!!!

Green are your pasture and lordly your mountains
Coverd are they with snow, proudly they stand there
Beautiful you're perfected overwhelmed I am...
Beautiful you're created by your sight

I rejoice in your alps, i rejoice in your trees
I rejoice in every blade of grass and in all your green
Beautiful you're created overwhelmed I am...
Beautiful you're created by your sight

Grass, river and water, field, hill and valley
The waterfall and your entire vivid harmony
Beautiful you're created overwhelmed I am...
Beautiful you're created overwhelmed I am...

I love you, you beautiful place*
And I sing a song of praise to your creator
So beautiful you are formed
my beloved Helvetia
