

# Elvis Costello, In The Darkest Place

In the darkest place  
I know  
That is where you'll find me  
Even though you didn't have to remind me  
I shut out the lights  
Your eyes adjust  
They'll never be the same  
You know I love you so  
Lets start again

Since you put me down  
It seems  
I've been very gloomy  
You may laugh, but pretty girls look right through me  
They don't sense the faintest glimmering  
That is the torch I bear  
There's light enough for me to find my way

But I only have to tell myself that by now  
You could be with someone else  
Is there light beneath your door and  
Laughter from within?

Do your friends come around  
Saying, "Try to find another lover"?  
He won't love you like I do

In the darkest place  
I'm lost  
I have abandoned every hope  
Maybe you'll understand I must  
Shut out the light

Your eyes adjust  
They'll never be the same  
You know I love you so  
Lets start again

Do your friends come around  
Saying, "Try to find another lover"?  
He won't love you like I do

In the darkest place  
That is where you'll find me  
In the darkest place  
That is where you'll find me
