

# Elvis Presley, Is It So Strange

(Faron Young)

Oh, if you tell a lie  
You know that I'll forgive you  
Though you say our love is just a game  
And when you hear my name  
You'll say I'm from a strange world  
But is it so strange to be in love with you

Is it so strange  
That I love you more than all the world  
Is it so strange  
I have no eyes for any other girl

Oh won't you take me back  
And say that you still love me  
To waste a love like ours would be a sin  
Let us kiss again  
Let me hold you near  
And take me from this strange world  
That I'm living in
