

Elvis Presley, That's Someone You Never Forget

(Words & music: Red West / Elvis Presley)

The way she held your hand,
The little things you planned,
Her memory is with you yet,
That's someone you never forget.

When she is far away
You'll think of her each day,
And you know she'll wait for you,
That's someone you'll never forget.

Others may pass your way
And let you think their love is true,
But you know that they'll never replace
The one that waits for you.

The way she held your hand,
The little things you planned,
Her memory is with you yet,
That's someone you'll never forget.

That's someone you'll never forget.
