

Elvis Presley, Who Are You (Who Am I)

(words & music by s. wayne - b. weisman)

Who are you, who am i?

Are we more than strangers passing by?

Is this your dream are you in mine?

Are we really here or lost in time?

Will you be friend or lover

Show me the heart you conceal

Now is the time to discover

If this feeling we're feeling is real

So close to love and yet so far

Just one kiss will tell us who we are

Will you be friend or lover

Show me the heart you conceal

Now is the time to discover

If this feeling we're feeling is real

So close to love and yet so far

Just one kiss will tell us who we are
