

# Elysium, In Memoriam

we came here alone  
and alone we'll leave  
until then I'll light  
another ever - burning fire  
THY WILL IS DONE  
sitting here in this empty room  
with rainy thoughts  
and dusk in my eyes  
(only silence of dead flowers)  
I'm all alone... I'm fallen  
in solitude I'm fallen  
where are you now?  
why like a blind man  
I do search my way  
further into the dark
