

# Embodiment, Reaching Out

Plain as day  
The industry we've started  
I'll ride your brain  
Turn away  
And leave the past around us  
I'm on my way, yea

Set me up (set me up)  
I've paid my way (ive paid my way)  
I'm reaching, im reaching out

And make a change  
The masses live ecstatic  
I'll ring your bell  
For all the times  
We gave it up for nothing  
I'll have my say

Set me up (set me up)  
I've paid my way (ive paid my way)  
I'm reaching, im reaching out

Have this  
I wanted more than love  
It's golden  
Where the Romans are  
Hold it  
Say you know what you taste  
Don't waste it  
There to live  
And give your all  
And build your dreams  
And kill your fears

Set me up (set me up)  
I've paid my way (ive paid my way)  
I'm reaching, im reaching out
