

Embodiment, Reaching Out

Plain as day
The industry we've started
I'll ride your brain
Turn away
And leave the past around us
I'm on my way, yea

Set me up (set me up)
I've paid my way (ive paid my way)
I'm reaching, im reaching out

And make a change
The masses live ecstatic
I'll ring your bell
For all the times
We gave it up for nothing
I'll have my say

Set me up (set me up)
I've paid my way (ive paid my way)
I'm reaching, im reaching out

Have this
I wanted more than love
It's golden
Where the Romans are
Hold it
Say you know what you taste
Don't waste it
There to live
And give your all
And build your dreams
And kill your fears

Set me up (set me up)
I've paid my way (ive paid my way)
I'm reaching, im reaching out
