

# Embraze, Frozen Swan

If I cried nobody would hear  
If I cried nobody would care  
I have nothing but memories  
Don't leave me alone  
I am afraid of death, it will come very soon  
Mother, I am so confused  
Mother, I am so alone  
Do you remember me when you see a lone swan?  
Do you remember me when you are alone?  
Do you light a candle like we used to do?  
Do you remember?  
I am freezing but nobody warms  
I am tired but I can not drown  
Hide my feelings, hope for death  
I cry quietly and alone  
I am afraid of death it will come very soon  
Mother, I am so confused  
Mother, I am so alone  
Do you remember me when you see a lone swan?  
Do you remember me when you are alone?  
Do you light a candle like we used to do?  
Do you remember?
