

# Emerson, Lake & Palmer, Living Sin

Will you stand up or will you freeze  
That savage woman make you please  
Turn your inside outside in  
Still you don't know where she has been  
Living sin

Can't you see through  
She's going to realize the way to sound you

Finally ground you

Sudden  
Never cured by a one night lover  
Sell you  
Stories of a meeting with a younger brother  
Twisty  
All the people lyin' were just a blind cover  
No one  
Ever gonna pry her from a two-faced mother

Can't you see through  
She's going to realize the way to sound you

If you never saw it coming  
Hooked you up with Coca-Cola coming  
Nice and slippery
