

# Emigrate, Babe

You're  
So pure  
So sure again

Whatever you do  
We will laugh again

I'm (I'm)  
Like you (Like you)  
A fool again (A fool again)

Whenever I fell  
I got up again (I got up again)

Babe  
You don't have to be afraid  
In my eyes  
Babe  
Don't be ashamed

Find  
Your way  
And lose again

Wherever you are  
You can choose again

Your heart  
Will break  
And heal again

And one day will come  
When you believe again

Babe  
You don't have to be afraid  
In my eyes  
Babe  
Don't be ashamed

Babe  
You don't have to be afraid  
In my eyes  
Babe  
I'm so glad that you've stayed

Babe  
You don't have to be afraid  
In my eyes  
Babe  
Don't be ashamed

Babe  
You don't have to be afraid  
In my eyes

And I'm so glad that you've stayed
