Emigrate, You Can't Get Enough

Separate from your affliction feel alone when I look in your eyes I'm no longer your addiction a distant void reflecting in your lies

Don't say a word don't cry

You can't get enough Under your skin You can't get enough Drawing your sin

You can't get enough Under your skin You can't get enough

Your lower power is now calling spiders crawling through your open pores in your presence feel you're falling I say enough but all you want is more

Don't say a word don't lie

You can't get enough Under your skin You can't get enough Drawing your sin

You can't get enough Under your skin You can't get enough Drawing your sin

You can't get enough Under your skin You can't get enough
