

# Emilia, Maybe, Baby

Baby when, I think of you  
My whole world seems,  
seems so blue  
You make me wanna fly, wanna fly  
Like a great, big balloon  
But honey  
I've got a question for you  
Do you know  
the colour of my soul  
Please get to know me

Chorus:

And I am hoping that maybe  
You wanna be my baby  
And if you do want me so much  
You gotta have that special touch  
And I am hoping that maybe  
You wanna be my baby  
And if you do want me so much  
You gotta have that special  
touch  
And maybe, maybe, baby

Let's go for a walk, you and me  
And maybe if we're lucky,  
we can see  
A star fall from above  
I know what I want,  
I think you know what  
Oh baby  
That it will be you and me  
Taking this walk tomorrow  
'Cause it's you that I like

Chorus

Bridge:

And if you're a tree  
and I'm a leaf  
And if you're Adam  
I am Eve  
Like champagne has its bubbles  
That's how you belong to me  
Oh baby
