

Emilie Autumn, My Fairweather Friend

It's a sunny day in heaven
And no one is around
To open the gates
And I'm waiting for you
My fairweather friend
Absent in the end
Absent in the end
The one thing I can count on
Is nothing much at all
The one thing that I'm sure about
Is that you won't be anywhere around me when I fall
I'd like to think I wouldn't die for you, but you know I would
'Cause that's the fool I am
And that's the rule you bend
Absent in the end
My fairweather friend

The one thing I can count on
Is nothing much at all
The one thing that I'm sure about
Is that you won't be anywhere around me when I fall
I'd like to think I wouldn't die for you, but you know I would
'Cause that's the fool I am
And that's the rule you bend
Absent in the end

Love you only bend
Wounds you'll never mend
