

Emilio Navaira, Long As I Got You

There's a house on a hill that I will never buy
'Cause I ain't that well to do
So just give me a shanty honey I'll be fine
Long as I got you

Now you can't buy loving with a dollar bill
Least not that kind that's true
So I don't love money and I never will
As long as I got you

Long as I got you and all your love
I got all I need
I'll never want for anything
As long as you're with me
Let the bank downtown turn me down
Just like the always do
Honey I don't care I'm a millionaire
Long as I got you

Now I don't really care what the rich folks say
Let 'em talk until they're blue
Got my health and I'm happy and I'll be okay
Long as I got you

Bridge

Waste not want not live a good life
It's a poor boy's point of view
And I don't need nothing in the whole wide world
Long as I got you

And I don't need nothing in the whole wide world
Long as I got you
