

# Emily Lily, Two words

1. I will never grant it,  
but still I'm thinking about you  
Even when I should not  
I recall your eyes and your smile  
I'm raising the cell and  
I'm putting her back, because I'm lacking courage to hear your voice.

Chorus:

I remember when I got to know you  
still I smell it  
I will never forget your words to me  
when you asked whether I would dance with you  
But I will never say a couple of  
words for you into the Face  
I won't say a couple of words  
"I LOVE YOU"

2. I will never tell nobody,  
still I'm dreaming of you  
I'm starting and I'm finishing  
but it is with you differently

Chorus:

I remember when I got to know you  
still I smell it  
I will never forget your words to me  
when you asked whether I would dance with you  
But I will never say a couple of  
words for you into the Face  
I won't say a couple of words  
"I LOVE YOU"

Suddenly my cell phone's blowing up  
With your ringtone  
You would like to say a couple of words,  
but you are giving up  
whyyy?? ;(

Chorus:

I remember when I got to know you  
still I smell it  
I will never forget your words to me  
when you asked whether I would dance with you  
I won't say a couple of words  
"I LOVE YOU"
