

# Emily Loizeau, Leaving You

I'm leaving you  
I don't know if I should  
I prayed the moon  
To see if she would  
Let me be by you  
She said she may  
If I give her my soul  
And I said no

I'm leaving you  
I don't know if I should  
I prayed the sun  
To see if he would  
Let me be by you  
He said he may  
If I give him my days  
And I said no

I'm leaving you  
I don't know if I should  
I prayed the winds  
To see if they would  
Let me be by you  
They said they may  
If I never flew away  
And I said no

I'm leaving you  
And you know I'm not the one  
To give up my heart  
For the good of a man  
Even by you  
So tell me I should  
Push me away  
Don't make me stay  
For I'm leaving you  
And I still love you  
Yeah I'm leaving you  
And I still love you
