

# Emily Osment, All the way up

I like to bite my nails and play the air guitar  
I like to keep my suitcase packed cause I'm going far  
I think you're nice but I don't wanna waste my time  
I may seem crazy but don't worry, I'm just fine

All the way up, all the way down  
Never look back, it's time to break out  
Want it my way, I do what I do  
I know what I like and maybe it's you  
That's right, it's a temporary life  
It's a ride that takes you  
All the way up, all the way down  
Never look back, it's time to break out

I like to go out walking in the pouring rain  
I want my rock'n'roll back to make the windows shake  
I wait till 3am to call everyone I know  
I'm gonna bring the noise, I'm ready here we go

All the way up, all the way down  
Never look back, it's time to break out  
Want it my way, I do what I do  
I know what I like and maybe it's you  
That's right, it's a temporary life  
It's a ride that takes you  
All the way up, all the way down  
Never look back, it's time to break out

It's my life and it's a riot  
Come on baby you can't deny it

All the way up, all the way down  
Holding my breath, letting it out  
I want it my way, I do what I do  
I know what I like, baby  
It's time to break out, right now!
