

Eminem, Broken Down

I'm decimating the competition
With my fucked up rendition
Of this muthafucking song
It's my tradition
I fucked up Limp Bizkit
With my own slip disks
And the fucking bastards
Just came and dissed my district
I ain't have to diss people
To get my career started
You muthafucking assholes
Fuck everything and pass it
Knew I was special from
My first demo tape
My first hit moved straight on
To my first hate
And my first date
Was as fucked up as it gets
Passed the test
But the bitch didn't want to get wet
So I killed my guinea pig
Just to up and spite her
My fucking bitch of a mom
Screamed and said I didn't like her
I'm decimating the competition
With my fucked up rendition
Of this fucking song
It's my tradition
I fucked up Limp Bizkit
With my own slip disks
And the fucking bastards
Just came and dissed my district
Yo freestyle for all you muthafuckas
Eminem 1999
It feels so good to be back
