Eminem, Chevy's Life

VERSE 1

The very first day,

I knew what my life would be like,

I wished i could fly away,

Fly away from this life. BRIDGE:

So maybe ,just maybe

I might fly away to some random place

One random day.

CHORUS:

Its not these words are the giving,

But the life thats not worth living.

Just throw me down, treat me like dirt.

Its not as if i will ever excert.

VERSE 2

The smile stops at me

Which blocked too much happiness,

From reaching hopeful people,

It seems im a body living lifeless.

BRIDGE

CHORUS

VERSE 3

You cant see things from my perspective,

Dont be rude, irrispective,

Of what u think, how youd cope,

When i was 11 i had my first smoke.

BRIDGE

CHORUS

You dont know what ive been through,

What lengths i will go to,
