

Eminem, Jimmy Crack Corn Remix

[Intro]

(Ca\$his)

REMIX!

(Eminem)

As the crabby little bastard that I am
Sly what the f**k a slick sick son of a bitch
Silly little rabbit don't you know 'Trix' are for kids
This is what the moral to the story is
(Ca\$his)Re-Up!

[Verse 1 - Eminem]

Jimmy can crack corn, but I don't care
My enemies crack corn, but I don't care
You can be black, white or a albino yeah
You can have corn rows inside your hair
I give a f**k if I don't like your stare
This bottle of wine goes upside your head
A little bit psycho, but I know that
Think you just don't say it, then I won't say it
See if you don't brag, then I don't brag
I know I'm bad, as long as I know I'm bad
I don't need y'all to co-sign no shit
You can just keep making them tired old threats
A little bit like the boy who cried wolf yeah
See me, but don't dare to try no shit
Cause you know that somewhere inside those layers
A rattlesnake's right there to bite your ass
And I can be so quiet and strike so fast
Like lightning bolts right out the sky go *blah*
From outta nowhere, you might find your career
Come to an *ERR!* and I'm just like (Oh Yeah!)

[Chorus - Eminem]

See us on them award shows, we're like (Oh yeah)
Can we get more of those, they're like (Oh yeah)
See us keep blowing up, we're like (Oh yeah)
See Jimmy can crack corn but I don't care
See me in the videos, I'm like (Oh yeah)
See me right up close, you're like (Oh Em)
And where is D12 at, they like (We over here)
And where the f**k we going, we're like (No where)

[Verse 2 - Eminem]

You jealous little f**ks beg for my attention but
I done told you once, I'm not the kind of attention you want
If I tell you twice, then I won't be so nice
If you keep coming back, that only means you know you lost the fight
They wanna talk shit, let em talk shit, cause they talk shit
Knowing deep down, they really just wanna squash it
Cause no one wants to walk around, stepping in dog shit
And get doo-doo on their shoe again, soon as they washed it

But the pride won't let em, inside's like 'go get em'
And I'm just like 'Why your tryna fight momentum'
We just keep winning, by landslides oh and umm
Shady Limited's in any size yo, Denim
To velour, even our clothing line's on fire
As 50 would say 'Our clothing line's on Fiya'
Meanwhile your minds on us, like mine's on Mariah
And y'all is just like her, you're all f**king liars

But I just keep f**king you, like I f**ked her
Right in the ass with KY, yes sir!
So full of joy, boy am I absurd
Even Chingy would tell you
'Tharr boi don't curr'

[Chorus - Eminem]

See us on them award shows, we're like (Oh yeah)
Can we get more of those, they're like (Oh yeah)
See us keep blowing up, we're like (Oh yeah)
See Jimmy can crack corn but I don't care
See me in the videos, I'm like (Oh yeah)
See me right up close, you're like (Oh Em)
And where is G-Unit at, they like (We over here)
And where the f**k we going, we're like (No where)
