

Emma Bunton, Free Me

Being with you
Longing for something to happen
Biding my time
Hoping to get a reaction
Atmosphere's tense
Heavy with anticipation
Don't leave me here
With only my imagination

Free me...

[Chorus]
Now free me
Let me loose to love you
Yeah how I long to seduce you oh
Free me
Let me loose to love you
Yeah how I long to seduce you now

How long can I continue to suffer in silence?
My aching heart can't bear to awaiting such suspense
So maybe it's time to tell you just how I am feeling
'cause full-on desire I have too long been concealing

Free me

[Chorus]
Now free me
Let me loose to love you
Yeah how I long to seduce you oh
Free me
Let me loose to love you
Yeah how I long to seduce you now

Free me
Free me

[Chorus]
Now free me
Let me loose to love you
Yeah how I long to seduce you oh
Free me
Let me loose to love you
Yeah how I long to seduce you oh

[Chorus]
Free me
Let me loose to love you
Yeah how I long to seduce you oh
Free me
Let me loose to love you
Yeah how I long to seduce you now
