

Emma Bunton, I'll Be There

Farewell the days,
Come melt the ice, on many a cold heart.
Till the clouds roll in
And then you'll find
They're frightened of the dark

Some may come and some may go
They meet you high then leave u low.
But I will always be the one who cares
I'll be there

I'll be there whenever u need a friend
Yeah I'll be there whenever u need a friend, I will be there baby

I may have to go in body, but my soul is with you still.
When u think of me, I'm by your side to guide u from all ill
We all need somebody who
We can always run onto
And I will always be the one for you,
I'll be there

I'll be there whenever u need a friend
Yeah I'll be there whenever u need a friend, I'll be there for u baby.

We all need somebody who
We can always run onto
And I will always be the one, for you
I'll be there

I'll be there whenever u need A friend
Yeah I'll be there whenever u need a friend I will be there baby

I'll be there whenever u need a friend I'll be there for u baby
I'll be there whenever u need a friend I'll be there for you baby.
