

Emma Townshend, Fly Away

I have always been certain
Things are not always what they seem
Though the heavens stop turning
I'll be holding on to our dream
We can fly away, fly away
No more doubt, we'll have nothing left to say
We can fly away, fly away
From the darkness to the sun
Let our spirits be as one
You heard
My Word
My Hope
My Call
We can fly away over
You gave
Your Hand
Your Heart
Your All
We can fly away over it all
In our magical moment
You reached out and touched the real me
Now there's no storm before us
As strong as the love we both feel
We can fly away, fly away
If we give our love, love will come our way
We can fly away, fly away
From the darkness to the sun
Let our spirits be as one
You Heard
My Word
My Hope
My Call
We can fly away over
You gave
Your Hand
Your Heart
Your All
We can fly away over it all
Fly away over
We can fly away, fly away
If we give our love, love will come our way
We can fly away, fly away
From the darkness to the sun
Let our spirits be as one
You Heard
My Word
My Hope
My Call
We can fly away over
You gave
Your Hand
Your Heart
Your All
We can fly away over it all
