

Emmanuelle Seigner, Bore me to tears

Show me that you know me
Take me on tonight
Tell me sad stories
Take a little fight
We'll send out to each other's lives
We'll send out to the space
Now and then I've realized
I've been some other place

Sometimes you on my mind
Sometimes I've got to have you
Sometimes I run and hide
I try but all you do is
Bore me to tears

Oh, oh, oh?
Bore me to tears

Tell me that you know me
Take me on tonight
Do your best to show me
You can make it alright
When you look me in the eyes
When you make the little face
A smile that I can't disguise
I think you run this case
