

# Emmanuelle Seigner, I Know My Way

I know the words that you want to give  
I know all of your deepest fears  
And I  
I know my way  
Around your heart

I can tell when you somewhere else  
I know you better than I know myself  
And I  
I know my way  
Around your heart

I'll pick the locks  
I'll brighten the guards  
I'll find my way inside you  
It's not that hard  
Cause I  
I know my way  
Around your heart

I know all of your darkest dreams  
I know what you think they mean  
And I  
I know my way  
Around your heart

I can tell when you lift me most  
I'll take your hand I'll pull you close  
Cause I  
And I  
I know my way  
Around your heart

I'll pick the locks  
I'll brighten the guards  
I'll find my way inside you  
It's not that hard  
Cause I  
I know my way  
Around your heart
