

# Emmylou Harris, Angel Eyes

(Rodney Crowell)

Angel eyes, angel eyes  
The ways of the world are feeble  
Don't give up on simple people

Angel eyes.....  
The blues you can live without  
It's not what you song's about

Angel eyes, angel eyes  
Tell me what would we do without  
No light from angel eyes  
You can move the hearts of men  
Just with a phrase you're turning  
Since hearts ever have been yearning..... and so alone

Thin lines you've been living on  
Are so close to the danger zone
