

# Emmylou Harris, Burn That Candle

(Winfield Scott)

Keep that candle burnin' bright, mama  
I'll be kind of late tonight, mama  
There's a yellow moon above me, mama  
Shinin' on the one I love, mama  
Burn that candle  
Night and day  
Burn that candle  
Honey light our way  
Keep that doorway open wide  
Until we come slowly strollin' side by side  
While that candle's shinin' high, mama  
I'll be with my sugar pie, mama

We'll be comin' home you know and mama  
Lookin' for that candle glowin', mama  
After we have had the wedding, mama  
To that candle we'll be headin', mama  
So before we're winin' and dinin', mama  
Keep that candle light a-shinin', mama
