Emmylou Harris, Heart To Heart

(Emmylouy Harris/Paul Kennerley)

Heart to heart we'll hold together Hand in hand we'll find a way Oh, the storms of life may blind us But with the loving vows that bind us

Heart to heart hand in hand we'll stay
Side by side forever and always
Day by day till our lives are done
This sweet love is ours to treasure
Far beyond all time and measure
Side by side day by day as one
The years connot take what's between you and me
We'll stand her together for the whole world to see

Heart to heart there'll be no other Hand in hand for our love is true Oh, the words that we have spoken Will be a promise never broken Heart to heart hand in hand with you
