

# Emmylou Harris, Jupiter Rising

(Emmylou Harris / Paul Kennerley)

Why don't you call me  
Do you think I won't answer  
Jupiter's risin'  
And the moon is in cancer  
You been down in the hunger baby  
I been around there too  
Tonight you could be in the arms of  
The arms of a woman who loves you

You got your questions  
Maybe I got an answer  
Or just the hands of a healer  
And the feet of a dancer  
Yeah it's all in the wrists now baby  
And when the aim is true  
There'll be no blink of the eyes baby  
The eyes of this woman who loves you

Heaven's gettin' nearer  
Transmission gettin' clearer  
Now my love  
Stars are fallin' over the ocean  
Come on and show a little emotion now  
My love

Why don't you call me  
You know I'm gonna answer  
Temperatures risin'  
And the moon is in cancer  
There's a road you can nde now baby  
Out to that wild and blue  
It runs right thru the heart of  
The heart of this woman who loves you
