

Emo Side Project, Dustin

tossing turning laughing smiling
when i see your face
writing songs jotting notes
just to take his place
man i sure love thinking of you seeing your
smile makes my day better than you ever knew

and you come to me every night in a dream
and when you're not around i wanna cry
but nothing i could ever do or say
could make you love me today

well i can't help but think of what
life would be like with you
holding hands in front of my friends
pillow fights licking jello off you
singing songs that hurt me and make me cry
but i swear its the only thing i do
