

Emo Side Project, Summertime

in the summertime all we ever do is skate
eat, sleep, and sometimes we try to get laid
same routine every single day
god i love the summertime its so great

a couple ago my buddy paul was hanging with some
slut and she put his hand on her boob
but he just pushed her off
cause no one wants to have sex with a slut!

i'll never forget the summertime
when everything in my life was going fine
i'll never forget the summertime
because i slept with your mom!

abc, its easy as 1 2 3
i don't know the words dodododododo

in the summertime all we ever do is fuck
what the hell do we do again, oh yeah nothing
sit around at the movies all day
even though we didnt a job to pay

yesterday i found 5 buck on the ground
and danced around
then some old lady came up and hit me
over the head with a purse
she took it away she took my money away!

i'll never forget the get the summertime
when everything in my life was going fine
i'll never forget the summertime
beacuse i was robbed by a old lady

and we tried to sneak in
but there were like 5 guards and
paul he just, just slapped him
and then we ran in, ran in
