

Emocapella, Enjoy Your Day (Alkaline Trio)

So where'd you go?
How was your vacation home?
Well obviously you were busy, too busy for me
So this is how you leave me?
I'm broken hearted on the floor,
My tears seep through the crack under my door
Where I am locked in, shut down,
I'm so tired of picking myself up off the ground
So Happy Valentine's Day
I hope the sun's out in New York
I hope he bought you roses
I hope he bought you roses
So Happy Valentine's Day
I hope the sun's out in New York
I hope he bought you roses
I hope he bought you roses
