Empire Of The Sun, High And Low

Now we're running in a pack to the place you don't know And I want you to know that I'll always be around Down where the summer and the late nights last forever There's a house on the hill that we can by trap now

Our last day, you're on your way home, way home I'll be on both sides, babe: high and low If I had my way, I'd never let you go I'll be on both sides, babe: high and low If I had my way, I'd never let you go

Let's get together and forget all the troubles, and just flow I don't want you to go, I need to be close to you now

Our last day, you're on your way home, way home I'll be on both sides, babe: high and low If I had my way, I'd never let you go I'll be on both sides, babe: high and low If I had my way, I'd never let you go

Our last day is on the will She's been out all night again She don't want nobody's help now She sees stars and rocket ship

I'll be on both sides, babe: high and low If I had my way, I'd never let you go /3x
