

# Empires, Midnight Land

I could not fathom your release  
Oh, it was crazy, sinking from the three  
Oh, he's been watching, watching idly  
While you were shaking in despair  
He knew you'd come to find his caring stare

Oh, you went fast to the midnight land  
Among the dark holes, he took your hand  
And did you find out what it's really like?  
Victim of trickery, a warm misfortune

Stay down, I bet it burns now  
And I bet it burns, and I bet it burns  
And I bet it burns now

Now it's numb in my head  
When I think about your trek  
Can I feel your fiery breath?  
I've been cold so I go throw my flesh to your coals

Where did you go, oh oh oh oh oh  
I'm all alone, no no no no no  
I see my bones, oh oh oh oh oh  
Welcome me to your home

Stay down, I bet it burns now  
And I bet it burns, and I bet it burns  
And I bet it burns now

I bet it burns, I bet it burns  
I bet it burns now  
I bet it burns, I bet it burns  
I bet it burns now  
I bet it burns, I bet it burns  
I bet it burns now

Tearing through the evening, I call your name  
I call and wait, the damned are answering  
Staring down the demons  
I know your eyes but not that smile  
You tricked me into you

Stay down, I bet it burns now  
And I bet it burns, and I bet it burns  
And I bet it burns now

(I know your eyes but not that smile  
You tricked me into you)

Oh, you went fast to the midnight land  
Oh, you went fast to the midnight land
